# selflessly®

Giving management tools with the power of community.

Donate with just one click.

Employees want transparency and a voice in their giving. With Selflessly, your brand can promote employee engagement while also supporting the causes that they love.

Our system allows you and your employees to select a non-profit based on cause type, location, keywords, and more! Support amazing national charities, or give to the hyper-local grassroots campaigns – all from one platform.

Key Features

Donate to 1.7m+ Charities

Our system provides instant access to IRS-verified 501(c)(3)s taking the guesswork out of approvals.

Donation Matching is Easy

Save time evaluating each non-profit and accounting for different processes. We give you everything you need – right at your fingertips.

Purpose-Driven Reporting

Selflessly allows instantaneous access to your company's giving through unique backend reporting tools that show how your company is giving.

Centralized Giving History

At the end of the year, export your giving history into a CSV and send it to your accountant or into your software for tax time.
